

21st Desert Circus Opens Five Days of Fun Tonight

**Festivities
Open Tonight,
End Sunday**

**Activities Range
From Carnival to
Glamorous Ball**

Palm Springs literally "Comes of Age" tonight with the dramatic opening of its 21st annual Desert Circus Week.

Five days of action-packed, city-wide festivities will be launched at 7 p.m. when High Sheriff Ray Ryan descends on Village merry-makers with his spangled crew of girl deputies.

The sound of the posse's gunshots (cap guns, that is) signal the beginning of the most ambitious calendar of events ever programmed in resort area history—the product of almost two months of planning.

BASED ON THE theme "We've Come of Age," a parade of events ranging from carnivals, animal shows, and a glamorous ball to the longest parade ever to wind down Palm Canyon Drive will run continuously through Sunday.

Stars of Desert Circus are Grand Marshal Randolph Scott, who will lead the two-hour-long Saturday parade, and the king and queen who will reign over the full, five-day Circus Week—Screen Stars Natalie Wood and Robert Wagner. Sharing the spotlight with his lanky actor father is young Christopher Scott, who'll ride as "junior parade marshal."

CHRISTOPHER AND his famous father will also appear as stars at the premier of Scott's latest movie, "The Tall T," scheduled for 6 p.m., Saturday, at the Plaza Theater.

The week opens with a Ranch Club cocktail party and dinner for High Sheriff Ryan, Under-Sheriff Trav Rogers their posse of deputies and the king and queen, tonight.

The posse will then race through Village night clubs and recreation areas, "arresting" visitors and Villagers who fail to meet the western uniform requirements of the Desert Circus.

FROM THIS POINT, the Circus gains momentum as the events planned by Co-Chairmen Mac McDonald and Sam Janis unfold during the following four days.

Highest point of the Circus activities is the parade that will send a stream of more than 2,500 men, women and children marching down Palm Canyon Drive. Stretching almost three miles in length, the mighty caravan of wagons, riders, and marching

Church Fund Drive Reaches \$105,910 Mark

Palm Springs Community Church has received gifts of \$105,910.20 in its current "Forward in Faith" campaign to build a new sanctuary, it was reported by drive workers at the first report meeting held last night.

The gifts were in the form of pledges, stocks and property, and represent approximately one-third of the goal of \$350,000.

The new sanctuary, according to present plans, will be constructed on the property owned by the church at Baristo and Cahulla.

All workers were urged to "keep the momentum going," and to make their calls immediately so that the drive can end on April 7 as planned. They were urged to stress the fact that while denominationally Presbyterian, the church has been a Community Church and actually serves 26 different denominations.

Ray Lusby, advance gifts chairman, reported that the church has received a number of large gifts from non-members of the church, and said that for a church of 350 families to raise \$350,000 would be difficult, without many such gifts from friends of the church.

Beck Spending Of \$85,000 in Union Funds Told

WASHINGTON AP—A Chicago labor relations consultant testified today that he spent \$85,000 of Teamsters Union money on a host of items ranging from nylon hose to loveletters for teamsters boss Dave Beck and his son.

The consultant, Nathan W. Shefferman, told the Senate Rackets Committee he didn't know the \$85,000 came out of the union treasury until income tax investigators discovered it had. He said he paid the bills and, as it turned out, was reimbursed by the union.

Community Church to Mark 40th Anniversary Tonight

Community Church of Palm Springs tonight will celebrate its 40th Anniversary, starting at 7:30 p.m.

Participating in the program at the church will be several of the leading citizens of the community including Mayor Florian Boyd, Dr. Wallace Muelder, Raymond Cree, Herbert Samson, Mrs. Charles Henderson, Mrs. Gordon Nicholson, Mrs. Arthur J. Coffey, Mrs. Fred Clatworthy, and the three remaining charter members, Zeddie Bunker, Mrs. Steve Vidocis and Carl Lykken.

THE PALM SPRINGS High School Choir under the direction of Alex Hammond will present special music. Speakers will be limited so that the service will be in time for a reception to which all members and friends of the church are invited. Mrs. J. W. Williams, assisted by the wives of the officers of the church, will be in charge of the refreshments.

During the 40 years the church has been served by 10 pastors, eight during the first 20 years, and two during the last 20 years. Ninety-two members were received into the church from 1917 to 1936, and 910 were received during the years 1937 to 1956. During the 40 years, 300 members have been transferred, suspended or were deceased so that the present church membership is 618.

THE AVERAGE attendance during the winter season is 475 in the Sunday School and approximately 1,000 in the two morning church services. In the last 10 years the annual budget has increased from \$15,500 in 1946 to \$60,000 (including \$18,000 for land purchase) this year.

The church has a Missionary Society and helps to support missionaries in three different countries as well as other types of benevolent projects. The church has also been active in promoting a youth program.

HAVING FELT the need for expanded facilities for nearly two years, the church last fall initiated a "Forward in Faith" program purchasing three properties which were essential to future growth and now is in the midst of a \$350,000 building fund campaign with which to build a new sanctuary. Visitors and friends as well as members are invited to the anniversary celebration which will be held this evening at 7:30 p.m., according to Dr. James Blackstone, Jr., pastor.

Accepting the reins of Palm Springs Desert Museum as newly elected president, Earl Coffman last night predicted the maturity of the village institution as a museum of "world desert."

Coffman, who succeeds Police Chief August Kettmann, heads a new panel of officers who were installed in ceremonies at the museum's annual meeting.

Officers elected were Mrs. Irving Snyder, first vice president; Francis F. Crocker, second vice president; Mrs. A. J. Marcuse, third vice president; Dr. Wallace Muelder, secretary; and F. T. Kieley, treasurer.

With reports that the museum fund drive has collected \$40,000 towards its \$200,000 goal, Coffman declared that the institution will eventually serve as a museum for all the desert of the world.

The new president forecast a future museum that will "mirror the flora, fauna, geology and minerals of desert in more than 28 countries."

POINTING OUT that New York is the home of the American Museum of Natural History, Coffman felt that "the desert country here should surely be the headquarters for the principal desert museum."

The new museum officers heard a report on the Palm Desert Wildlife Sanctuary by Francis Crocker, who also praised Kettmann for this museum leadership Museum Director Dr. C. E. Smith also spoke.

BUNKER TOLD THE council that the Bonanza service was better than that offered by United Air, and said that a re-examination of the proposed service by Bonanza might be in order before the city objected to it.

The council said they would not object to the added service from here to Phoenix, but were still interested in the proposal of a direct cross-country flight by United.

The city attorney has until April 25 to file the brief with the CAB.

IN FACT, COUNCIL adopted a resolution of appreciation to CAB Examiner James S. Keith for his recommendation of the Bonanza service.

But Mayor Florian Boyd said that the City had entered into CAB negotiations with one cross-country flight in mind, and that this should be pursued until it was successful.

This was primarily the basis of the discussion that lasted the better part of an hour at last night's session of the council, because it has been indicated that the City of Palm Springs cannot have both

40 Deputy Sheriffs Plan Night on the Town Tonight

Around 40 deputy sheriffs, all in western garb, attended the traditional deputies' luncheon at El Mirador Tuesday, with High Sheriff Ray Ryan as the host.

Luncheon tables, set up in a big U-shape, were in the Starlight Patio.

ALL THE TOP brass of Desert Circus week were in attendance, including Circus chairmen Sam Janis and Mac McDonald, Judge Leo Field, Big Top Ball chairmen Dorothy Sallinger and Kay Morris, Kangaroo Court chairman Trav Rogers, former sheriffs Bill Basichis and Bill Groves, chairman of awards Marvin Fritz, former Circus chairman Ray Corliss, former deputy Ernie Young, and Jimmy Morton, whose rallying cry for this charity fund-raising is "Get the Money."

Tony Cosentino, just arrived from Chicago, who made a substantial contribution to Desert Circus last year, was made a new deputy.

GROUP PICTURES were taken; deputies were given their instructions and immunity badge kits; and the deputies presented High Sheriff Ray Ryan with a money clip.

The High Sheriff gifted each girl deputy with a package of Parisian perfumes and is underwriting a table for the deputies at the Big Top Ball.

Immunity badges which are now being sold by the deputies will admit the holders to the Kangaroo Court which will be held Saturday afternoon at Chi Chi. A full program of entertainment is planned.

Tonight the High Sheriff and his deputies gather at the Ranch Club at 6:30 p.m. where they will be guests of Noel Clarke, deputy, at a cocktail buffet, before they

Two Americans Killed in Iran

TEHRAN, Iran AP—Two American officials were killed and the wife of one of the slain men kidnapped by bandits in southeastern Iran, U.S. authorities revealed today.

The American officials killed with two Iranians in a bandit ambush two days ago were identified as Kevin M. Carroll, 37, Issaquah, Wash., and Brewster A. Wilson, 35, Portland. Carroll's wife, Anita, was kidnapped.

Carroll was an official of the U.S. Point 4 program, administered by the International Cooperation Administration. Wilson worked for the Near East Foundation.

Council Starts Annexation Plan For Section 30

Approval by the city council, permitting proponents of the annexation of Section 30 to proceed with publication of a notice of intention, last night set in motion the machinery to add a square mile of land to the city of Palm Springs.

The move was taken on recommendation of the local Planning Commission, which asked council to take steps to "assist and support" the proponents of the plan. It was pointed out by the commission that reasons for their recommendation were that the area represents the southerly entrance to the city and should be controlled by zoning, and that although the immediate cost of annexation will exceed the estimated revenues, the anticipated long-term lease policy for Indian lands will bring about improved investments on them.

The report by the Commission explained that the land will not be subject to ad valorem taxation, but the building improvements, which normally bring a greater percentage of revenue when adequately built, will be subject to taxation.

ISRAEL CHARGES Syrian troops fired on town. Israel reported today that Syrian troops opened fire on an Israeli settlement at midnight and that marauders from the Gaza Strip ambushed an Israeli truck Tuesday, seriously wounding one civilian.

Egypt's semi-official news agency reported in Cairo that Saudi Arabia had moved troops to the outskirts of the Jordanian port of Aqaba, but a Jordanian military source denied the report in Amman.

However, other sources said the Saudis had moved troops all along the Eastern shore of the Gulf of Aqaba in what could be the start of a new Arab move to blockade Israeli shipping in the narrow waterway.

Attacks Byrd Proposal of 5 Billion Slash

**Issues Challenge
To Congress in
Support of Budget**

WASHINGTON AP—President Eisenhower today vehemently attacked piecemeal budget cuts by Congress as fatuous and the most foolish kind of economy.

As for a specific recommendation by Sen. Harry F. Byrd (D-Va) that the \$71.8 billion budget for fiscal 1958 be cut by \$5 billion, the President said he did not believe a cut of this size could be accommodated within the security and welfare requirements of the United States.

BYRD MADE THAT reduction proposal in a speech prepared for delivery in the Senate today.

In his most vigorous discussion of the budget to date, the President challenged Congress to decide for itself whether the American people wanted to cut down on payments to veterans, agricultural benefits and the construction of new schools.

He said these are the only expenses that could be chopped down, because to reduce expenditures for defense, mutual aid and the Atomic Energy Commission would be to invite international trouble.

MR. EISENHOWER'S news conference ran unusually long, 35 minutes, as he went to great length to support his budget against growing demands on Capitol Hill for sharp reductions.

He said savings undoubtedly were possible but he was somewhat amazed to notice recently that a number of persons were becoming more economy minded than before.

He energetically rejected the idea of any major cuts in the defense or foreign aid programs. So the only places big cuts could be made would be such possibilities as the Post Office Department, now laboring under an undesirable deficit, fixed benefits for veterans, federal aid for school construction, and farm benefits.

PARADE PARKING REGULATIONS SET

Police Chief August C. Kettmann today announced parking regulations for the Rodeo Parade on Saturday.

Palm Canyon Drive, on the parade route, will be cleared of all cars from 9 a.m. to noon, with motorists asked to cooperate, Chief Kettmann said. Cars in violation will be towed away.

WASHINGTON UP—The White House said today that President Eisenhower hopes to take a vacation at Augusta, Ga., sometime in April. The trip probably will be later than his usual spring visit there.

SAN FRANCISCO UP—A young father of two, despondent because his wife left him, climbed atop the ledge of a seven-story department building today but was dissuaded in his threat of suicide by a Catholic priest. For nearly 45 minutes Lawrence Casilac, 25, tied up traffic on Market Street, which fronts the big, sprawling Emporium. Police and firemen had spread nets below.

Ed Ainsworth Lecture Reset Here for April 4

Appearance of Ed Ainsworth, noted author of California history and Los Angeles Times feature writer, before a public meeting of the Palm Springs Historical Society, has been changed from April 8 to Thursday, April 4, at the Women's club, according to President Carl Lykken.

Ainsworth will discuss "Early Desert History" at the first lecture program to be presented by the society.

A social hour will follow the lecture, with Mrs. H. Burns and Mrs. Bigelow in charge.

'Blithe Spirit' Play to Open Tonight As Circus Feature

"Blithe Spirit," Noel Coward's hilarious exploration into the whimsical world of spirits, mediums and Englishman, opens a four-day run at the Frances Stevens School auditorium tonight.

Programmed as part of the 21st annual Desert Circus Week, the "Spirit" materializes on-stage at 8:30 p.m. nightly.

LIBERALLY LACED with typical Coward humor, the story relates the problems of a British novelist beset by the accidentally conjured spirit of his first wife and the bitter, albeit ludicrous, denunciations of his second wife. "Spirit" is produced and directed by Martin Beck, who also plays the lead role of the bewitched novelist. Beck, veteran of three years with Palm Springs Players State is responsible for such local success as "The Rose Tattoo" and "The Night of Jan. 16."

BECK IS OPPOSED on stage by his wife, Virginia Beck, who portrays the mischievous manifesta-

tion. She is familiar to Villagers as the star of "Tattoo" and other Players Stage productions. In the stage role of Beck's sometimes living wife is Virginia Blackman, of radio station KDES, who last year was nominated best actress of the year at Laguna, where she appeared with the Laguna Players.

OTHER PLAYERS are Helen Morris, as Madame Arcati; Lorraine Harper, as the spiritually susceptible maid, Edith; John Kramer, as Dr. Bradman and Nikki Wilk, as Bradman's innocent wife. Technical director is Phil Miller, veteran of Chicago and California stages, who also carries the title of set designer and stage manager.

bands will move through the city, from El Mirador Hotel to Ramon Road, at 10:30 a.m. Saturday.

BRILLIANTLY costumed mounted groups, brightly decked individual riders, and at least 30 floats depicting the Desert Circus theme were today listed in the parade line of march by parade boss Warren Coble, and his assistant, Cliff Campbell.

Other Circus Week events include the Noel Coward Play "Blithe Spirit," which opens a four-day run at 8:30 p.m. tonight in the Frances Stevens School auditorium.

THE INFAMOUS Kangaroo Court will be the center of attention Saturday afternoon, following the glamorous Big Top Ball scheduled for the Chi Chi at 7 p.m. Friday.

A carnival and wild animal show will run continuously at the Polo Field and Rodeo Grounds through the duration of Desert Circus, and more than 500 dancers will cap the week with a square dance jamboree Sunday.

Ecclestone, Gavin, Compton Named To DHS Board

Balloting in yesterday's Desert Hot Springs County Water District Board of Directors election almost closed with three-way tie in one portion of the five-man race.

Herb Ecclestone, incumbent board president, easily led the field with 185 votes cast when 224 voters went to the polls to choose three directors.

But it was practically neck-and-neck for James Harris, James Compton and Aaron O. Gavin. Harris polled 122 votes, Compton, 121 and Gavin came in fourth with 120.

Runnerup was Frank Cozad who tallied 72 ballots.

Unless the final returns are contested, Ecclestone returns to the board, accompanied by Harris and Compton.

Jones, Chamberlain Trade Heated Words at Meeting

By THELMA GOODSPEED

Words flew hot and fast between Supervisor William Jones and the county's newest supervisor, Curtis Chamberlain, when an effort this week by Chamberlain to put through purchase of an additional property across the street from the courthouse in Riverside was blocked by Supervisor Jones and Supervisor Fred McCall.

"Has anyone anything more to say on this subject?" intoned Supervisor Paul Anderson, chairman of the board, after Chamberlain's motion had failed to carry.

"ONLY THAT I'M sorry I've worked so hard on this," said Chamberlain in a mild tone of voice, apparently stunned.

"You're spending the taxpayers' money like water," Jones accused Chamberlain. "Go ahead. Keep buying property just as fast as you can buy it. Get down here at 8 a.m. in the morning and figure ways to spend money!"

It was then that Chamberlain exploded. "You're so damn dumb!" he told Jones. "How can anyone be so damn dumb?"

"I HOPE THE news reporter is taking this all down," crowed Jones, peering at this reporter, the only news representative present at the time. "I think Mr. Chamberlain should be given more time to expound his theories."

Chamberlain had proposed that the Templeton property on Tenth Street in Riverside adjoining the Hayden property at the southeast corner of Tenth and Orange which the board purchased last week by unanimous vote, be purchased at the average appraisal of \$34,500. "This is the last of the properties between Tenth and Eleventh that I would be interested in purchasing at this time," he declared.

Chamberlain explained that the Hayden property has 62.19 feet on Orange and only 39 feet on Tenth. He said that with a depth of only 39 feet little could be done with the property in the future and the Templeton property would give an additional 55 feet on Tenth giving the lot a depth of 94 feet and making it a desirable L-shaped corner property. The Templeton lot is 35 feet by 130 feet.

THE VOTE ON THE Chamberlain motion to transfer \$1,000 from the county's unappropriated fund to be used in paying for an option on the Templeton property for purchase on or before Aug. 31, 1957 at a total price of \$34,500, was three to two, with Supervisor George Berkeley, Supervisor Paul Anderson and Supervisor Chamberlain voting for it, and Supervisors Jones and McCall against it.

Although the three to two vote

would have authorized the purchase, the motion was lost because it included a transfer of \$1,000 from the unappropriated reserve fund and it takes a vote of four to make such a transfer.

IN PRESENTING his recommendation for purchase of the Templeton property, Chamberlain observed that its purchase had been recommended by the county building committee. He said also that the county fair manager had said he would like to move his offices immediately to the building on the Templeton property, as his department, along with the Board of Trade, is being forced to evacuate quarters now occupied in the courthouse annex on the opposite corner of Tenth and Orange, to make way for expansion of the Municipal Court. The Board of Trade has already moved into two rooms in the administrative suite in the courthouse.

Chamberlain said quarters in the Templeton building could be occupied by the county fair department at once on a rental basis with the rent to apply on the purchase price of the property.

CHAMBERLAIN accused Jones of changing his mind, intimating that he had agreed to the purchase previous to the session of the board. "You are the one who said it was all right," he told Jones. "You changed your mind, and I don't like to have people change their mind."

"It's just one of your pet schemes," retorted Jones.

Immediately following the Monday session the two supervisors were observed in further altercation in the courthouse corridor.

Because of the stepped-up fight against cancer, led by the American Cancer Society, one in every three cancer patients is being saved. This compares with one in every four saved a few years ago.

In a city of 500,000 persons, 125,000 now living will eventually develop cancer and 80,000 will die of it, if present rates continue according to American Cancer Society estimates.

"TASTE IT BEFORE YOU BUY IT"

EMMETT LOUISE TAYLOR has made it a family tradition. This month she enlisted in the U.S. Navy, joining two brothers in the Navy and another in the Air Force. Her mother, Mrs. Mary Ann Taylor, resides in Palm Springs at 432 East Andreas Road. Eighteen-year-old Emmett attended Palm Springs High School and was a member of the graduating class of 1956. She attended Whitworth College in Spokane, Wash., prior to enlisting in the Waves. (U.S. Navy Photo).

Supervisors Urge Sound To Try to Halt Plot Sale

The county supervisors voted this week to urge Congressman D. S. Sound to do everything possible to hold off the auction sales by the Federal Government of small tracts of government land in the desert areas of this county in two and one-half acre plots, until a study has been made.

Congressman Sound had written a letter to the supervisors asking what they wish him to do about the matter. He said he has received many letters and been approached by numerous individuals. In his letter, dated March 15, the congressman stated, "I've been told by Harold R. Hochmuth, lands staff officer of the Bureau of Land Management, U.S. Department of the Interior, that there are some 500 small tracts in Riverside County of which about 50 are to be put on auction this week in Los Angeles."

THE 50 TRACTS referred to were scheduled to be auctioned off at 1 p.m. Wednesday, March 27, so the action of the board was too late to prevent it.

Sound said that Hochmuth will be in Southern California in June and has offered to meet with the supervisors or their representatives to discuss the tract auctioning.

County Administrative Officer Clay Begole told the supervisors that many people are being hoodwinked by the sales. He said they think they are buying a nice desert lot cheap, for recreation and rest in their retiring years, but find when they receive the deed and try to locate their property that it can't be located. He said also that the sales will be expensive to the county.

COUNTY ASSESSOR Frank Burchfield told the supervisors on March 4 that the auctions of small parcels in the desert area are a headache to his department. He suggested that building permits be required county-wide.

"If a building permit were required on these parcels," he said, "giving legal description and ownership of the land, it would be a means of saving many man-hours of labor on the part of my deputies and would insure the proper and equitable assessment of improvements." His proposal is now under study by the building department.

Burchfield stressed the difficulty encountered in attempting to properly locate a building on a two and one-half acre tract in the center of a desert section where not even section pointers can be found. He said that until a fee patent is issued three years after purchase of the parcels, location is almost impossible and takes many man-hours.

Road Hearing Date to Be Set

Abandonment of a portion of Verbena Lane between Second and Third streets in the Cathedral City area was recommended by the county planning commission this week and preparation of a resolution of abandonment was ordered by the county supervisors.

The hearing date will be set when the resolution is presented to the board.

At present rates, 55 per cent of patients with uterine cancer are being saved. But the American Cancer Society says 70 per cent are now saved when the disease is diagnosed and treated early.

California Mortgage Bankers To Meet Here April 3 to 5

Second annual convention of the California Mortgage Bankers Association will be held April 3, 4 and 5 at Palm Springs, with mortgage banking executives from all parts of the state meeting here.

The noted speakers who will address the group during its three-day conclave, which starts April 3, include U.S. Senator William F. Knowland and Under Secretary of Commerce W. Walter Williams.

T. S. BURNETT, president of Pacific Mutual Life Insurance Company in Los Angeles, will deliver an address on the influence of interest rates on mortgage lending practices. The Mortgage Bankers Association of America, the national organization, is sending its president, John F. Austin, Jr., of Houston, to present an analysis of the national mortgage picture to the California members.

THE CALIFORNIA Mortgage Bankers Association was founded three years ago, principally as the result of action by the officers of comparable local groups in Los Angeles and San Francisco. It is an organization of mortgage loan correspondents and bank, title insurance and life insurance company mortgage loan executives dedicated to the practice of the best principles of the mortgage banking business.

Mortgage lenders in virtually every sizeable city of the state are represented in the membership, and the annual meetings have stimulated concerted action on legislative problems, public relations and other matters of mutual concern to mortgage lenders and the borrowing public.

WILLIS R. BRYANT of San Francisco is president of the CMBA. A mortgage banker for many years, he is vice president of the American Trust Company of that city.

Burnett, president of Pacific Mutual Life Insurance Company of this city, rose to that position through a long career of executive mortgage banking positions in that company. W. Walter Williams, the Under Secretary of Commerce, also accepted his governmental position after many years of leadership in the mortgage loan business in Seattle, Washington. His presence and that of Senator Knowland underscore the interest of national leaders in the California organization.

CONVENTION headquarters will be El Mirador Hotel, and several hundred mortgage loan men will be in attendance. A golf tournament and social activities are included in the three-day program of events.

The final session of the convention will include election of officers and directors for the coming year. Arrangements and planning for the Convention are being principally handled by members George Gummerson of Los Angeles and Thomas M. Murphy of San Francisco.

The average age of American business executives is 53.7 years.

HOLMES ALEXANDER:

The Labor Giant

WASHINGTON, D.C. — Whose ox is gored? On the third floor of the Senate Office Building the McClellan subcommittee on improper practices has been considering the Teamsters' Union before television cameras.

On the fourth floor of the same building the Kefauver subcommittee on anti-trust and monopoly has been flogging the petroleum industry before stand-up crowds. Both Labor and Management are getting the daylight slammed out of them, and sometimes there's a temptation to cry, "Hold! Enough!"

BUT LET'S SEE: There's a third party involved here, and we should remember the prime purpose of these investigations. The public has a stake in this game. Twenty years ago Senator O'Mahoney, who is still very much around, was Chairman of the Temporary National Economic Committee which piled up a damaging record of alleged abuses by Big Business. This year, for the first time, a Congressional investigation is inching the top off the trash can in which some pretty putrid abuses of Big Labor get hidden.

The two cases, mind you, are not exact duplicates. The Senators on the McClellan subcommittee are taking their political lives in their hands, and they know it. The Labor bosses were not able to stop Dwight Eisenhower at the polls; he's a national hero. But look what he did last year to GOP Senate candidates McKay, Langlie, Thornton, Welker and Duff. It takes nerve for any State-wide candidate to offend the Labor bosses.

ON THE OTHER HAND, the Kefauver subcommittee members are in no particular peril. It's still a safe demographic pastime to poke sticks at the caged lions which are our once-mighty corporations. Kefauver himself is making a career of it. And while the dangerous business of exposing union chiefs in rackets

and love nests will do the USA no harm, the relatively safe practice of tormenting and downgrading American business can be carried to the extent of disgracing capitalism before the socialized world and bring on a lack of confidence in business itself.

But, short of injurious extremes, there is a public interest to be served in these investigations. The malefactors of great wealth were brought to heel in times past; today there are the malefactors of great power in the seats of the Labor mighty. The Labor movement has changed so much in the past two decades that most Americans haven't caught up with what's happened.

THE CHANGE IS so radical that the elimination of just three words in the Taft-Hartley Labor Management Act would leave the unions floundering on the beach like a stranded whale. In Title One, Section 2 (5) this definition is given:

"The term 'labor organization' means any organization of any kind, or any agency or employee representation committee or plan, in which employees participate and which exists for the purpose, in whole or in part (sic), of dealing with employers concerning grievances, labor disputes, wages, rates of pay, hours of employment or conditions of work."

THOSE THREE WORDS—"or in part"—make the definition so loose as to denote it of any true meaning. A labor organization has ceased to be merely a collective bargaining agent in the intent of the law. A labor organization, since it need deal only "in part" with labor-management affairs can be—and has become—just about anything.

Examples are plentiful. The United Mine Workers owns the National Bank of Washington, runs 10 excellent hospitals and is a partner in the export coal business. The Amalgamated Cloth-

ing Workers has contributed money to Italian political elections, while the Ladies' Garment Workers has sent funds to Israel.

THE AFL-CIO runs a political pamphlet called COPE, which is, in fact, a propaganda adjunct to the Democratic Party. There is not a question, foreign or domestic, to which Labor doesn't send expert witnesses before Congress and apply pressure upon individual lawmakers.

Big Labor has become a big business. The total wealth of the unions is estimated at something bigger than \$2 billion. Union wealth is growing faster than corporate wealth. Back in 1946 the United Auto Workers, of which Walter Reuther is president, had property valued at a modest \$2.1 million. But in 1954 the UAW was worth just less than \$20 million, and in 1955 it was worth just under \$40 million.

ALL UNIONS began with nothing but their members' dues. But as the dues increased and the members multiplied, it became necessary to put the money to work. It has gone into many philanthropic and financial investments where it has redounded to the enormous social benefit of the one-time working classes who today are approaching a push-button existence amid air-conditioned splendors.

Where is the public interest here? Certainly not in confiscating this wealth and reimpoverishing the workers. That would be as absurd and unfair as some of the share-the-wealth schemes for leveling off business capitalism. But it's clearly time that we stopped regarding labor unions as bargaining agents only.

As long as Big Business gets regulated through the Federal Trade and Interstate Commerce Commission, Big Labor should be subject to anti-trust penalties. You can't have one law for rich business and another for rich unions. At least, you shouldn't.

a free society management of the money that a man earns should be his own responsibility.

FOREIGN POLICY

(Ed Erard in Kingsville, Texas, Record)

The Democrats who say we have no foreign policy may have something. But they should remember there's nothing new about that. Neither does the Soviet. It is like a cutting horse holding a dodging yearling. Where he goes depends on how the calf—in this case the Russian bear—dodges.

And about White House leadership, I heard Ike indicate pretty clearly the U.S. was ready to back sanctions against Israel. The top politicians on both sides of the aisle, with an eye on the Jewish vote, began to howl till the Wailing Wall in Jerusalem was salty with political tears. And Ike's leadership went out like Lott's eye. Recalls the days when FDR was exerting "leadership." He used to sit with his ear to the ground till the sound indicated the direction the mob was headed. Then he would throw his wheel-chair into high gear and "lead" the procession.

MISSED

(Lansdale, Pa., News)

In his book, "Have Faith in Massachusetts," Calvin Coolidge tells the story that we like. He had been governor of Massachusetts for about a year when he went back to his small home town in Northampton. Walking up the street he didn't see many people, but finally an old neighbor hailed him: "Hello, Cal. Hain't seen ye fer quite a spell; been away?"

OVERWHELMING OPPOSITION

(Benton, Texas, Record-Chronicle)

In a long list of elections, where the government-in-business principle was the issue, sentiment against it, as expressed in the vote, has been overwhelming. Socialism is usually imposed on us from above—not by the vote of the people.

Toothpaste Back Into the Tube?

THIS SIDE of The Sun

By Phat

Of roadside litter

We talk so bitter

And try so hard to lick it.

On sidewalks, too.

The junk they strew

When there are cans to stick to.

Of course, the janitoring profession will not like me for this but have you noticed that the street-sweeper makes its rounds in the pre-dawn hours, and an hour or two after it has passed by, the accumulated refuse is swept or washed off of the sidewalks to remain in the gutter all day?

I can just hear the janitors say, "all right, you dumb jerk, you get up at 2 a.m."

So I'll try to help them out by urging people to hold on to their gum wrappers, empty cigarette packs and used cleansing tissue until they come to a trash receptacle.

WHAT'S IN A NAME? Apparently a lot. There was a little breeze in town one day last week and when Mrs. A. A. Luck of 675 Mesquite went into her yard one blanket and bed spread was missing from the line.

So she checked in the direction the wind had blown and one block over and three houses down she found them.

The woman who had them obviously thought it was an ill wind that blows no good but Mrs. Luck was lucky. She got them back.

LAST WEEK'S earthquake reminds me of something that was written in one of these pieces last April. Commenting on an article appearing in Westward, the little magazine put out by Kaiser Steel, I said San Francisco might be in line for another big quake.

The reason was that in his pages devoted to events just 100 years ago, "Westward" described a great earthquake in San Francisco in April, 1856. They also had one in April, 1906. The natural comment was that the big ones come every 50 years.

Last week's big jolt was 11 months late.

THE NEWS from the Bay area had its effect here, too. People were slightly tremor conscious.

At the Dunes Saturday morning a few more hardy souls were having a pre-lunch pick-up when a jet crashed the sound barrier. The resulting air quake rattled the doors and windows. There weren't so many people in there immediately after.

IF YOU'RE NOT getting as many letters and postcards as you used to it isn't because your friends are cooling off. They just haven't the time to write.

They are on the road, seeing the country and going from hither to you, as the saying goes. Uncle Sam reports that in 1956 people paid \$12 million more in travel taxes than in 1955 and a lot less on writing materials and stationery.

And they drank eight per cent more hard liquor and stepped up the tempo of their cigarette smoking.

But the gin rummy addicts must be using soiled decks because playing card sales slumped.

Happy circus to you, too.

INEZ ROBB:

Editors Wonderful, But ...

To begin with, editors are wonderful men, each and all. And in the second place, in my dodge, it behooves me to get along with them. Land alive, am I be-
hooven!

Sill and all, I would love to know why every editor in the United States believes the American public can't live through any given 24-hour period if it is deprived of pictures of Miss Jayne Mansfield proving what no one in his right mind has ever doubted, i.e., that she is a mammal.

IF NO ONE EVER publishes another picture of Miss Mansfield as long as either she or I live, I shall suffer no sense of deprivation. I have a hunch there are millions of other citizens who will help me row that boat.

As far as I can ascertain, there have been no instances of constant readers or vox populi marching on editorial offices to demand daily glimpses of Miss Mansfield in dishabille and in poses that were once confined to the publications of the late Bernard MacFadden.

PROBABLY the simplest explanation is that editors are mad for Miss Mansfield and, in season, the Misses Marilyn Monroe and Diana Dors, who recently have been quiescent. In brooding over the recent deluge of Mansfield pictures, I must say, in all fairness, that glamour exacts a terrible toll.

It is only too obvious to those who study the pictures—of the above trio that adonids is the occupational disease of all glamorous girls whose chief distinction is the large, economy-size facade. I do not ever recall seeing a picture of the Misses Mansfield, Monroe or Dors with their respective kissers closed.

THESE LADIES obviously are forced to breathe through their rosebud lips, which are eternally ajar or at half mast. This gives each the piquant air of a gaffed trout fighting for breath in epic cinematograph.

GRIN AND BEAR IT

"Never mind the payroll, Buster! ... Just hand over the welfare fund, the withholding taxes, the health insurance fund and the pension fund! ..."

BILL RASHALL

Unedited

In the backwash of the sewer bond election there emerged a man who was just as great in defeat as he was when he fought for the success of the bonds. Of course, everybody here knows that the bond issue went down in dismal failure.

But this gentleman, H. S. McKay, the first name is Howard McKay, a comparative newcomer in our midst in spite of the great fight he put up for a "yes" vote, is a darn good sport.

I KNOW THAT HE approached one of the leaders who fought against the bonds and congratulated that man on his victorious fight.

Now, I'd like here to devote a few lines about this man Howard McKay. First of all, he is a blue blooded champion. His career before, coming to Palm Springs was a glittering one. He was born in San Diego and that makes him a native son of California. Attended University of California.

HE HAS LIVED in Oregon, San Jose, San Francisco and Los Angeles. He was sales manager of Foster and Kleiser company's largest branch in Los Angeles. President of the Elk Creek Light and Water Company in Oregon. Vice president and general manager of the Bandini Distributing Company, a giant corporation manufacturing fertilizer.

He introduced this product in Northern California, and so successfully that when he resigned the president of this company, unsolicited, wrote him a glowing letter extolling his abilities.

HE WAS ADVERTISING and public relations director for George F. Eberhard, San Francisco; Evans & Barnhill, incorporated, vice president; he had to do with the sales and advertising presentations for: Swift & Company, S & W (food company) Wrigley Gum, Coca Cola, Los Angeles Credit Men's Association, Richfield Oil Company, Tidewater Oil, Armour & Com-

pany, Libby McNeil and Libby, Bullocks, Southern California Edison Company, and many others. In the many civic problems that will in the future and do now confront the City of Palm Springs a man of Mr. McKay's caliber is certainly in any man's language a great asset to our community. Welcome, belated as it may be, to Palm Springs, Howard McKay.

EVER STOP AT Hill's Half Way House on Highway 99 near Calimesa. This is the restaurant, and it serves good food too, which only serves left hams. That is, from the left side of the hog. Here's the reason that is advanced: "Hogs love to scratch themselves and spend most of their waking hours doing so. For their right side, they always use their right hind foot, doing a fast circular "rock and roll" to keep from falling.

"AS A RESULT, the right ham is muscular and tough. No one has ever seen hogs use their left hind foot to scratch. For their left side, they always rub against a tree or a fence. As a result the left ham is smooth and tender."

So Hill's Half Way House serves left hams only. And this, according to the management, is an absolute fact, curious as it may be to some of us city fellers.

ACCORDING TO "Curious Facts" a fly lays four times during the summer for a total of 320 eggs. Half of these are supposed to be females, so that each of the four broods produce 40; and the calculations from that point goes on ad infinitum until during the course of one summer one mother fly is responsible for 256,000 flies during the course of one summer. Multiply that by the vast number of flies—well, get that swatter out and keep it working.

The longer you keep swatting the less flies this summer. I'm going to go to work right now!

DR. MARGARET MEAD, world known anthropologist, will be the speaker at the Community Forum Series of the Jewish Community Center at the Center at 8:15 p.m. Sunday.

Record Attendance Expected At Dr. Mead Lecture Here

Dr. Margaret Mead, one of the world's leading anthropologists, will speak at the Community Forum Series of the Jewish Community Center, 332 West Alejo Road at 8:15 p.m. on Sunday, March 31.

In May, 1933, Dr. Mead, accompanied by two student assistants, left for the Admiralty Islands to do a study of a primitive community which she originally studied 25 years ago. During these years, the Manus people of the South Coast of the Admiralties have stepped from the edge of the stone age into the modern world.

FOR SIX MONTHS, Dr. Mead lived in the center of the village of 300 people, separated from one another by thin woven walls so that every child's cry or marital controversy was audible. In this village she combined, as part of her anthropological field work, the functions of doctor, banker, importer, educational consultant and chronicler, which gave her a unique insight into the public and private lives of the villagers.

Her findings provide material on what is happening all over the world as the peoples of underdeveloped countries struggle to master the political and technical method by which the modern world has learned to overcome

Gifford Named To Idyllwild Fire Board

The county board of supervisors appointed Jay W. Gifford to serve a new three-year term on the Idyllwild Fire Protection District commission, and Hugh B. Greer to serve one year for the remainder of the term of Michael Dunn who has resigned.

Because there was only one nominee for each of the offices, no election will be held.

Board Decides To Hold Charter Hearing April 8

The board of supervisors this week set April 8 at 2 p.m. as time for a hearing on the proposed election of a board of freeholders after U. L. Voris, chairman of the Riverside County League of Cities, appeared in person to urge them to include the election of a board of freeholders on the ballot of the June 11 special election called for the proposed \$3,465,000 building bond issue.

The board tabled such a proposal received from the League of Cities and from the League of Women Voters last week.

The board of freeholders would be elected for the purpose of drawing up a charter for the County of Riverside. The charter when completed would be voted on by the people of the county.

VORIS SAID IT is for the people, and not for the supervisors, to determine whether or not they want charter government for the county, and that only by electing a board of freeholders can a charter be put before the people for their consideration.

Sufficient evidence has been submitted, said Voris, that the people want a board of freeholders elected. He said that chambers of commerce and many other organizations throughout the county have urged election of a board of freeholders, that the League of Cities alone represents more than half the population of the county. "Newspapers, likewise, favor a county charter study," he declared.

"I SUGGEST WE hold a hearing on a date which will allow sufficient time for the procedure of placing the issue on the June 11 ballot," declared Supervisor George Berkey.

"I'll vote for a hearing," agreed Supervisor William Jones, "but I am not in favor of a charter."

Thermal Airport To Be Site of Electronics Plant

Preliminary negotiations are under way with an aircraft and electronics equipment manufacturer for the establishment of a factory at Thermal Airport, the county supervisors were told this week by Joe Marriott, county airport director.

Marriott said that the unnamed manufacturer has stated that in order to finance a contemplated construction program it is necessary that he own the land. The site chosen is 87 1/2 acres of the airport's agricultural land now leased to Max Guttman.

To get clearance from the Civil Aeronautics Administration for the proposed sale, the board filed an Instrument of Release permitting the sale, and adopted a resolution declaring that all proceeds derived from sale of the property will be devoted exclusively to the development, improvement, operation or maintenance of the public airports owned by the county. Other county airports are located at Blythe and Hemet.

S/Sgt. Dixon In Philippines

Marine Sgt. Bryon D. Dixon, son of Mr. and Mrs. Norman D. Dixon of 1441 East Ramon Road, and husband of the former Miss Mary L. Frey of Mount View, California, landed on the Philippine Island of Luzon March 25 with the 3rd Marine Division in the largest ship-to-shore operation held in the Far East since World War II.

The week-long exercise started when the assault landing forces hit the beach in small landing craft. Other units hopped over simulated beach defenses in helicopters to capture key inland positions.

This vertical envelopment concept, developed first by the Marine Corps, provides a landing force with a powerful one-two punch for securing a beachhead.

The exercise includes more than 40 miles of hiking, practical application of tactics and techniques perfected during the 3rd Division's year-long training program, and living in the field under simulated battle conditions.

the evils of poverty, ill-health and starvation.

RECENTLY DR. MEAD spent some time in Israel and has interesting comments to make on the growth of the country and its people.

Author of 12 books and many scientific monographs and papers, Dr. Mead holds the position of Associate Curator of Ethnology, American Museum of Natural History in New York and is president of the World Federation for Mental Health. Her present interest is in studying contemporary cultures in the light of the respective gained by a study of small, homogeneous, stable societies, and in the further development of cultural theories of human behavior.

Tickets for Dr. Mead's appearance are available at the Center office. Herbert F. Haas is chairman of the Forum Committee.

Music Festival Rehearsals Are Now Under Way

Rehearsals are in full swing for the Palm Springs Music Festival to take place Saturday and Sunday, April 6 and 7 with the Civic Orchestra and Chorus and 10 soloists, the three concerts occurring at the Jewish Community Center.

The vocal soloists include Naomi Myrick, famed contralto of opera and concert; Robert Bostwick, baritone, also an opera singer, and Caterina Miceli, soprano. The instrumental soloists are Marylyn Brown, piano; Kalman Bloch, clarinet; Martin Ruderman, flute; Alice Schoenfeld, violin; Eleonore Schoenfeld, cello; Christine Tomlinson, piano, and the brilliant artist of the guitar, Laurindo Almeida.

The three programs will be of varied content, featuring the old masters Bach, Mozart and Brahms, also the more modern composers, Debussy, Ravel, Ibert, Tchaikovsky and Strauss.

Tickets are now on sale at the Music Society office at Santos Catering in the Center.

GORDON AYRES, left, manager of the Palm Springs Arthur Murray School of Dancing, was selected to present a check for \$1,700 to Victor M. Carter, right, president of the City of Hope Medical Center, Duarte. Presentation was made at the Arthur Murray Medal Ball held recently at the Hollywood Palladium. The contribution, which will be used by the Center to further its cancer re-

search and treatment program, is part of a continuing public service program of the Arthur Murray organization, according to Ayres and derived from the regional group. Twenty-nine studios participated in the Medal Ball, at which more than 100 dancers exhibited the skills which had won for them bronze, silver and gold medals.

Desert Area Water Table Sagging To Lowest in History, Expert Says

Resort area water tables are sagging to their lowest ebb in history, Lowell Weeks, manager of the Coachella Valley Water District, reported this week.

Weeks said that drought and area development have drastically pinched off water runoffs feeding the upper valley's underground water system.

The water expert told the Coachella Valley Advisory Planning Committee, meeting in Okerlund's Desert Vendome at Indio, that his agency is engaged in conservation planning designed to put water "back into the ground."

NOTING THAT upper valley water tables are dropping at a rate of about two feet a year—a condition constantly gauged since 1938—Weeks singled out drought and encroachment of building development as contributing factors.

He explained that development has pinched the Whitewater runoff channel into a constantly narrowing gap, lessening the rate of water absorption by the soil.

WHILE UPPER valley water runoffs must be spread over a

wide area so that the dwindling underground supply could be replenished. He added that "we are not against subdivisions" but that the district opposed some proposed locations of subdivision projects.

He said that location of proposed tracts in water course areas not only cut into the natural water feedback system but endangered property values and life as well.

IMMEDIATE CONSERVATION is needed for such area, as Thousand Palms, Cathedral City, Palm Desert and neighboring areas, he added.

Weeks recommended that subdividers, conservation planners and irrigation developers work together to replenish dwindling water stocks.

He noted that the district has completed its "eastside" storm dike, running from Whitewater Bridge to Salton Sea. New storm project is the westside dike, paralleling the eastside project.

He said that storm dikes in the Palm Desert area will be completed by summer, with acquisition of suitable rights-of-way.

THOUSAND PALMS

By IZETTA HUNT

Last Saturday evening a Box Social held at the Thousand Palms Community Chapel was very well attended, and the program "Old Time Irish Songs" was enthusiastically received.

The Thousand Palms Chamber of Commerce held its regular monthly meeting with a dinner at the Desert Moon, with twenty members present. Then they retired to the Community Chapel for the business meeting and to meet two visitors from the Riverside Board of Trade.

Dewey Wallace introduced the men, Mr. Creevy, advertising publicity man, and Mr. Flanagan, research industry, and they gave an informative talk, to help on the development of the community. Later, those present went on an inspection tour of places of interest in the community.

The Shangri La Property Owners' Association Membership Committee, headed by Henry Lennie, held a drive Sunday afternoon for new members, and to take a census of the Shangri La Palms. The Beautification Committee, headed by Vincent Leone, held a cleanup drive.

The Dewey Wallaces have purchased and moved into a home at 31-716 Arbor Real, and Mr. and Mrs. William Hastings, former owners and occupants, have moved to Riverside.

New residents this week, are the Floyd Scrivani family, from Palm Desert, who have purchased a home in the Welcome Tract, and moved in, and the Harvey Family from North Palm Springs, who have moved into the John Hewson residence.

Mr. and Mrs. Frank Lacey of Beverly Hills were Sunday visitors of Mrs. Hazel Pries.

Mrs. Nellie German's sister, Mrs. Edythe Seeley, died at their home in Shangri La, on Tuesday, March 19. The two sisters lived in this

Library Storage Addition Set

Approval for a slight enlargement of storage space at the Wellwood Murray Memorial Library, was given by the City Planning Commission at its meeting yesterday.

The addition will be constructed to the south of the present building, and will run along that complete side of the building and will be approximately four feet wide. The Planning Commission met yesterday at an adjourned meeting from last Wednesday.

If all the coins in circulation in the country were divided equally among the population, each person would have \$11.36 in copper and silver.

Youth Accidentally Shot In Foot While Camping

A Palm Springs youth was treated for a bullet wound at Desert Hospital Saturday night, after he was accidentally shot in the left foot while camping to the north of Cathedral Canyon Drive in Cathedral City.

The boy, 13-year-old Donald H. Brown, is the son of Mr. and Mrs. Cal V. Brown, 695 Paseo El Mirador.

Donald and two other boys were picking up their belongings in preparation to coming home, when the gun, a 22 caliber rifle, accidentally was fired. The bullet entered the left foot of the victim, and traveled about three

inches from the little toe to lodge in the sole of his foot.

Twin Boys Born To MacDonalds

Twin boys were born Tuesday morning at the Desert Hospital to Mr. and Mrs. Matthew T. McDonald of 329 North Calle Encelia.

The first one was born at 10:33 a.m. and weighed four pounds, 15 ounces, and the second at 10:40 a.m., weight five pounds, four and a half ounces.

The grandparents are Mr. and Mrs. Thomas Campbell of 409 North El Segundo and Mr. and Mrs. Norman K. MacDonald of 262 Occulto.

Cathedral City Permit Granted

The board of supervisors granted a permit this week to Geraldine Goodall of Cathedral City to establish and operate a church on a site on the east side of Sharpless Drive south of Terrace Road in the desert community, the church to be known as the Cathedral City Community Church.

The county planning commission recommended that the permit, required because the property is in a single family residential zone, be granted.

According to the Social Security System, Smith—1,400,000 of them—is the most common name on its roll.

Council Gives Land Request To City Planners for Study

City Manager R. W. Peterson this week read a letter from Supervisor Curtis Chamberlin to the City Council in which the supervisor asked for the donation of five acres of land across from the city hall for use by the county if the proposed building bond issue passes.

The council asked that the letter be sent to the Planning Commission for action prior to council action, but indicated that they believed that it was a good sign that the supervisors were interested in setting up county buildings in this community.

There are about 14 million people in the United States over 65 years of age.

ings in this community. Peterson said that he believed that the county was asking for more than really needed, but added that that would be a part of negotiations.

Algerian Rebels Kill 2212 in 2 Years

ALGIERS, Algeria (AP)—Nationalist rebels have killed 2,212 civilians in the Algiers region since the anti-French insurrection started Nov. 1, 1954, French officials reported today.

Of the 2,212 victims, 432 were Europeans, the officials said. There were 1,782 wounded, including 855 Europeans.

CHARLES MULLER, son of Mr. and Mrs. Frank Muller, returned this week from Antarctic, where he was on a three-month voyage with scientists and personnel who man U.S. bases near the South Pole. Shown above, on board his ship, the USS Curtiss, he displays a three-months growth of beard.

Muller Returns After Tour To Antarctic

Charles Muller, Palm Springs High School graduate and son of Mr. and Mrs. Frank Muller, owners of Las Palmas hotel, has returned from the Antarctic, and is currently home in Palm Springs on leave.

Stationed aboard the seaplane tender, USS Curtiss, he returned to San Diego Monday after a three-month voyage to Antarctica with a group of international geophysical year scientists and personnel to man U.S. Bases near the South Pole.

THE CURTISS docked with 130 Navy Seabees who had been stationed 16 months in the desolate polar wilderness and two of the international geophysical year scientists.

The scientists were Dr. R. H. McBee, professor of bacteriology at Montana State University, and Edward Goodale of the U.S. Weather Bureau, who was a member of Adm. Richard Byrd's first expedition to Antarctica in 1928.

MORE THAN 60 other scientists, explorers and technicians left the ship in New Zealand and flew back to the United States.

The scientific personnel were summer observers of operation Deepfreeze II, which is seeking to unlock secrets hidden in the "White Continent" of the South Pole.

Blue Skies Park

GEORGE WRIGHT, A. Lee Parkus, and William Moore are doing an excellent job of collecting donations for the American Cancer Society 1957 Funds Drive. Wright, chairman of this Committee, reports that Parkus has received pledges for over \$50 not including donations which will be coming in from those who were not at home when he called upon them.

Joseph Caplan and his son have purchased a 45-foot Delta and moved it into Blue Skies this week-end. Mr. Caplan is associated with Paramount Studios, and his brother Harry has a trailer at Blue Skies.

Dilworth Adds Support to Tramway Here

State Sen. Nelson Dilworth today went on record as another supporter for the Mt. San Jacinto Tramway and pledged his efforts to keep the Tramway Authority alive.

In a letter responding to a Coachella Valley Advisory Planning Committee resolution seeking Tramway backing, Senator Dilworth said: "You can rely on me."

"You can be sure I will be active in protecting the authority for the building of the proposed tramway," Dilworth wrote.

THE COMMITTEE resolution condemned a legislative bill, now before state legislators, designed to repeal the Tramway Authority and asked various public officials to take up arms for the San Jacinto project.

The committee also received a letter from the office of Gov. Goodwin J. Knight extending his "thanks for the courtesy" of sending the resolution.

COMMITTEE MEMBERS also reported at an Indio CAVPC meeting that individual chambers of commerce in Riverside County are almost unanimous in their support of the tramway project.

The tramway received backing in the form of resolutions issued by almost every major chamber in the county, the committee reported.

Only a few chamber organizations are yet to be heard from, but their uniform support is expected.

The lieutenants of the 324th Fighter Squadron were dinner guests of the students.

Two Top Speakers Added To Western States Ad Meet

Two more top notch speakers have been added to the roster of prominent "names" who will appear before the delegates to the seventh annual Western States Advertising Agencies Association Conference.

The session is set for the Oasis Hotel, Palm Springs, April 25, 26, 27, it was announced by convention chairman, Douglas Anderson.

THE TWO JUST signed to talk before the conference are Howard L. Benn, president of Gould, Gleiss & Benn, management consultants in marketing; and Dr. Lewis T. Bullock, M.D., associate professor of medicine at SC. Dr. Bullock is a past president of the Los Angeles and California Heart Association.

Benn will predict what the ad-

vertising agencies will be doing in 1962. This is in keeping with the conference theme, "The Advertising Business Five Years From Now."

DR. BULLOCK, who is now chairman of the Los Angeles Heart Association's Research Committee, will have as his subject, "The Ad Man and His Health."

Benn will talk Thursday afternoon, April 25, while Dr. Bullock will be on the program April 26. Keynote of the three-day session is Roger Barton, project and public relations director for the New York firm of Alfred Politz Research. Barton's one-hour talk will open the session at noon April 25.

Rancho Mirage Man Chosen As Lloyd's of London Advisor

Lloyd's of London have asked A. J. L. Hutchinson of Rancho Mirage, consultant in petroleum process engineering, to be a technical advisor witness in a British court trial. They chose him after thorough investigation of many in his profession in European countries and America.

This highly complimentary request has been followed through against all obstacles. Representatives of the famous insurance firm had made the offer of an all-expense-paid, commissioned trip to the scene of trial, London to Hutchinson and his wife, popular desert dwellers for the past six years. He had to decline because his physician advised him against any length of stay away from desert-like climate, necessary to his health.

THIS DILEMMA has been solved in typical brilliant Lloyd's manner.

Representatives from Lloyd's will meet him for consultation in a comparable temperate continent to the desert, possibly northern Italy, during the time of the trial. He will be required to attend actual trial proceedings in London for two or three days only, around April 30th.

The case involved is whether the cargo placed on a tanker named "Atlantic Duchess" was legitimately as stated in a contract. The owner of the ship, represented by Lloyd's, claims damage was done to his property because butane fuel was carried instead of normal crude.

HUTCHINSON, FROM many experiments using facts of the case, says he is prepared to testify for the prosecution.

A pleasant, unassuming man, with many hobbies of skill—one is photography, with his own dark

room—another is in mechanism such as hi-fi recording — he has little to say about the remarkable offer by Lloyd's except he is "pleased." He has been a recognized authority in his field for 25 years, and still takes several trips yearly as a free-lance petroleum engineering consultant wherever the industry calls him.

Until he was forced to retire to the desert for his health, he was a partner in the Fish Engineering Corporation of Houston from the time of its inception. He remained as their consultant for a period of time, and now free lances from his Rancho Mirage home. He is originally from Palo Alto, Calif.

HIS WIFE IS, understandably, more outwardly proud of his most recent honor and is excited about the extended trip.

"Really, it all began five years ago," he said. "Lloyd's told Hutch to stand by and we thought we were going time after time. He spent weeks working on data — studying the problems of the case — something about ship's measurements, oil weights—it was computing, figuring—slide rule — he knows all of it, all right."

"I packed—unpacked—packed—everyone kept asking me when? until I just decided—To heck with it!—and forgot it. We thought it was a dead issue. The case has dragged on and on... this year they contacted him again."

"DURING THE holidays a letter came with a London postmark. We thought sure it was a holiday greeting, but we joked... 'Maybe they want us in London!' Sure enough—they did!"

"Then another letdown—his physician told him not to go!" But the Lloyd's representatives didn't give up. Now the Hutchinsons will see not only England but the continent. They hope to spend Holy Week in Rome. Their plans are not definite, but at present these include stays in Madrid, Lisbon, Lourdes, Paris, Switzerland, and probably Zurich. And, of course, Ireland. Mrs. Hutchinson is of pure Irish extraction, and is determined to kiss the famous Blarney Stone.

HER ONLY PROBLEM is what clothes to take because of the limited weight allowed on the plane trip over. She is known as one of the best-dressed women in smart Rancho Mirage.

Before their return, they hope the weather will change enough into summertime to permit them to visit "Hutch's" ancestral homes in England, and his aunt, 89-year-old Mrs. Horace Hutchinson. Horace Hutchinson, now deceased, wrote one of the first books on golf in England, and it is still used widely as a basic golf instruction book by some of England's professional golfers.

HONEYMOONING IN PALM SPRINGS are Mr. and Mrs. Arnt Gordon Quist, who were married Saturday afternoon at St. Paul's in the Desert. (Village Studio Photo).

Quist-O'Meara Nuptials Solemnized Here Saturday

Mr. and Mrs. Reginald Denny were among the out-of-town guests attending the fashionable wedding of Marilyn June O'Meara and Arnt Gordon Quist, which took place in St. Paul's of the Desert Episcopal Church on Saturday at four o'clock. Rev. W. A. Blonden officiated at the double ring ceremony.

The bride was radiant in a white dotted swiss gown of ballerina length, with a strawberry pink belt. A fingertip veil was held in place by a tiny crown of flowers, and the bridal bouquet was of pink rosebuds and white candy-tuft.

"Twink," as she is known to her many friends, is the daughter of Allan R. O'Meara of Evanston, Illinois, and Mrs. Frances D.D. O'Meara of Hollywood. A graduate of the University of California, she is a member of Delta Delta Delta sorority.

The bridegroom is the son of the Arnt Quists of Whittier. He is a graduate of Purdue University, College of Civil Engineering, and of Morgan Park Military Academy in Chicago.

Mrs. Richard Williams of San Francisco was matron of honor and Alden Olson of Anaheim was best man. The groom's triplet sisters were also in the wedding party.

A reception of 40 guests was held at Deep Well Inn and catered by Santos.

After a week's honeymoon here at Sunset Towers, the young couple leave for Washington, D.C., for six months and then will reside in Orange County.

Reginald Denny leaves soon for New York where he will join the cast of "My Fair Lady".

Oregonians Vacation Here

Mr. and Mrs. Ben Huenergard, Sr., of Portland, Oregon, have rented a house on Grandview Valiente and have had their son and his wife Mr. and Mrs. Ben Huenergard, Jr., from Portland visiting them for the past two and a half weeks. They left for home Sunday.

The Huenergards' daughter, Mrs. Wesley Dale Price and children Mark, Jimmy and Valerie-Kay, were down for two weeks from Visalia. Mrs. Price's husband Dr. Price joined them for a few days.

Around Town

with Hildy Crawford

The desert's newest country club-type hotel... the new Desi Arnaz Western Hills Hotel is opening this weekend... and will be operated on a year-around basis.

... Located at the new Indian Wells Country Club between here and Indio... the hotel has Frank Bogert as general manager... An invitational Press Party is scheduled for Friday night... when about 200 celebrities and members of Los Angeles press will be flown in to Palm Springs' airport... and transported by helicopters to Indian Wells... Invitational, too, is the big formal opening dinner on Saturday night... for which the Desi Arnaz orchestra will play...

The million dollar hotel in its beautiful setting... has many architectural innovations... like the sunken bar, with stage above... which gives an unrestricted view of the performers to everyone in the cocktail and dining areas...

Decor for the ultra modern hostelry is most unusual... and much of it can be credited to Desi's creative ability... for which he is so famous as president of Desilu Productions...

It was strictly a coincidence that found two sets of Mac (Mc) Kennies from towns of the same name... staying in Palm Springs at the same hotel...

The H. L. Mackenzies of Hillsboro, Oregon... where he's a Ford dealer... are occupying Cottage No. 2 at The Sequoia for a month's stay... Moving into Cottage No. 4 last week were Mrs. Numa McKenzie and her son William R. (he's in the cabinet business) of Hillsboro, California...

Mrs. Harry Zinsmaster and her son William of Duluth, Minnesota... left Monday after spending three weeks here at the House of Murphy... Mr. Zinsmaster joined them here for a week's stay... The family own the Zinsmaster Bakeries and are prominent Minnesotans...

Sydney Schiff is due out from Chicago around the first of the month... and he and Evelyn will be entertaining at the Racquet Club on the evening of April 4...

Vacationing at Desert Inn are the George Brooks of Los Angeles (Brooks Jewelry Store)... Just departed are the Bill Gudes, owners of the Gude Shoe Stores... and the Victor McLaglen... and Roddy McDowell, who flew from New York to Hollywood to do "Matinee Theatre"...

Bob Hope is down for five days... to take out that cold he's been nursing... before he leaves for Europe on April 2... His

newest show has Sinatra guest starring... and you know those two Village lovers are going to be talking about Palm Springs...

Janice Chiquoine gathered about 40 of the women's golfing crowd... for a Monday morning chuckwagon brunch... served on the lawn at the Tennis Club... to meet and greet her daughter Happy Cogar who is here for a visit...

In the group were Mrs. Frank Lloyd, Mrs. Frank Butler, Mrs. Walter Braunschweiger, Mrs. Ralph Waycox... and more...

The Paul Hoffmans hosted a Sunday night affair... in the garden of their Smoke Tree home... entertaining in honor of the Raymond Loewys... Most of the 70-some guests were Smoke Tree colonists...

Sparkling Japanese lanterns decorate the invitations which Bertha and Ed Robbin have sent out... for cocktails and dinner at their home on East Alejo Road... on the evening of April 20...

When I was out at Desert Hospital the other day... to take a look at the infant son of Gretchen and Don Klotzbuecher (handsome little fella I ever did see)... I checked on Pappy Landfield... who's recuperating from a heart attack... Pappy's having to be very quiet and can't have visitors... but he's got that old fighting spirit...

Dinner Hostess

Mrs. Nora Simpson entertained Sunday evening at a dinner and card party at her home on North Calle Rolph.

Among the guests attending were Mr. and Mrs. George Smith, Mrs. Edna McCann of Hollywood, Mrs. Grace Steenberg and Mrs. William McCarty.

Philharmonic To Play Under Stars April 14th

Los Angeles Philharmonic Orchestra will be playing under the desert stars of Palm Springs on Sunday, April 14, at 8:30, under the sponsorship of the Palm Springs Playhouse Guild. In making this announcement at a board of trustees meeting on Tuesday, Mrs. John Luccarelli, Guild president, revealed that Harold E. Murphy will act as concert chairman.

This great musical event will bring to local music lovers and those from outlying areas a rare treat of 100 pieces under the baton of Alfred Wallenstein. A specially constructed canvas shell will be erected on the Polo Grounds in the arena. There will be general admission seats to accommodate 2,325 persons, priced at \$1 and \$2, with a special student price of 50 cents in either locality. In addition there will be 300 seats in the

parquet section immediately in front of the boxes and these will be available at \$5.

Los Angeles' own Philharmonic orchestra, founded shortly after World War I by the late William Andrews Clark Jr., amateur musician, arts patron and philanthropist, has been highly instrumental in laying the foundation for musical education in the Southern California area since more than 20 cities enjoy the cultural benefits of its concerts. Next month Palm Springs, then at its height as far as balmy weather and flowering beauty is concerned, will be added to this roster of cities fortunate enough to have this fine orchestra make an appearance locally.

Tickets may be secured from the Playhouse Guild headquarters on the Desert Inn grounds, 153 North Palm Canyon.

RETROTHAL of Ann Kathryn Sears of Corte Madera and Lt. Jeremy Freeman Crocker, son of the Francis Crocker of Palm Springs has been announced.

Lt. Crocker To Marry Ann Sears

Recently announced is the engagement of Ann Kathryn Sears, only daughter of Dr. and Mrs. Richard Sears of Corte Madera, to Lt. Jeremy Freeman Crocker, oldest son of Mr. and Mrs. Francis F. Crocker of Palm Springs.

Miss Sears, who is a psychology major at Scripps, made the announcement at Browning Hall by passing the traditional box of candy. A graduate of Sir Francis Drake High School in 1954, she has been prominent in college activities. She served as chairman of sponsors for Freshman initiation in Sophomore year, and as Junior won recognition by being presented the Estery award given each year to one Junior and one Senior.

Jeremy graduated from California Institute of Technology in 1956 with a BS in Mechanical Engineering and a commission in the Air Force. He was a member of Ricketts House, chairman of the Cal Tech student branch of American Society of Mechanical Engineers in his Senior year, and was elected to Beavers. He is now stationed at the Aero-Medical Laboratory at Wright-Patterson Air Force Base.

Tentative plans include an August wedding at Corte Madera after Jeremy returns from an eight weeks training course at Baylor University, where he is being sent by the Air Force for a special course related to his research project.

After the wedding, the young couple will live in Dayton while he is stationed there.

Entertain Visitors

Mr. and Mrs. Bob Nathane and family from Seattle are vacationing in the Village for three weeks, and over the weekend were entertained at the home of the Bill Colven's at 2033 McManus Drive. Sunday evening the Colvens entertained the Nathanes at dinner at The Springs restaurant.

TODAY'S SPORTS PARADE

Reg. U. S. Pat. Off.
By OSCAR FRALEY
United Press Sports Writer

NEW YORK 10 — All the ham pin't in Hollywood so we'll beat the Motion Picture Academy to the punch today with Fearless Fraley's sporting "Oscars."

There are more categories than Kansas City pitchers in a double header so, without further frithering, let's get with it. To wit:

Best actor: Don Larsen in "From Rags to Riches."
Best actress: Olga Fikotova in "I'll take the hammer thrower and you can have this sizzle."

Best picture: "Go west, young man," featuring the Canarsie Codgers.

Best supporting actor: Yogi Berra in "Whatsamatter, Yogi? Yer Control?"

Best supporting actress: Hilda Chester in "From Here to Infirmary."

Best Direction: West.

Best story and screen play: North Carolina's NCAA champs in "Tow to Wilt the Stilt."

Best documentary feature: U. S. Supreme Court sports findings, whereas, ipso facto, habeas corpus, dog my cats and baseball is still a "sport."

Best costume design: The cool, calm preliminary fighter who forgot his trunks.

Best set direction: Gussie Moran.

Best special effects: Floyd Patterson's left jab.

Best score of a musical picture: Cincinnati 19, St. Louis 15 in "The Outfield Fence That Made Like a Xylophone."

Best musical score of a dramatic picture: The Star Spangled Banner before any sports event.

The only thing left to add is that none of these winners ever have received an "Oscar" before, for which all of them have been proud and happy.

Okay, Hollywood-take it away!

Tennis Tourney Starts Saturday

Play will get under way Saturday in the 1957 Shadow Mountain Club's Tennis Championship tournament.

The tournament will be played next Saturday and Sunday with the concluding rounds on the weekend of April 27 and 28.

Entry lists closed yesterday with Magda Rurac who, today was going over the entrants with names to be announced later.

Next Saturday and Sunday, Men's Singles, Ladies Doubles and Mixed Doubles will be played.

During the April weekend, Ladies Singles, Men's Doubles and a continuation of the Mixed Doubles is on the schedule.

Play will be on the new Shadow Mountain Club court and will start at 9 a. m. each day.

Indian Netters At Banning Seeking Fourth Victory

Palm Springs High School's undefeated Boys' Tennis team is in Banning this afternoon after their fourth Riverside County League victory of the season.

Banning is also undefeated in league play with a 3-0 record.

The Indians are favored to go through the season undefeated and will provide their own best opposition in an inter-class meet after the close of loop play.

Coach Seamus Nunan said: "There is plenty of argument in the squad as to which class has the best material. An interclass tennis tournament will settle this."

Angelo's Leading Mixed 4 League

Angelo's of Palm Desert topped the Mixed 4 League today as result of Monday night's play.

High individual series Monday night was scored by Nelly Nebelung for the men with 574. He also had high game with 204. For the women, Virginia Breitweg scored a 482 high series and Betty Oistad had high game with 185.

Standing of the teams today was Angelo's, 25-15; R. W. Williams, 23-17; Mance Fashion, 22-18; Desert Produce, 22-18; Jim Sharpe, 18-22; He-She, 11-29.

Kuenn Touted As Leader for AL Bat Title

Tigers Fielder Ho'ts at .404 Clip in Grapefruit League

By FRED DOWN
United Press Sports Writer

Harvey Kuenn is serving sharp notice this spring that he may be the "man to beat" for the American League batting title.

The experts have been forecasting a battle among Ted Williams, Mickey Mantle and Al Kaline, but the 26-year-old Kuenn looks like he's geared for a fast start that could leave 'em all far behind.

He's belting the ball at a .404-clip, has hit in 10 straight games and connected safely in all but one of the 15 games he's played.

KUENN ENJOYED his best day of the spring Tuesday when he drove in five runs with a homer, two doubles and a single to lead the Detroit Tigers to an 8-4 victory over the Cincinnati Redlegs.

The victory was the Tigers' fourth in six games after they started their Grapefruit League campaign with eight defeats in 10 contests.

The Pittsburgh Pirates scored their 10th win in 16 exhibition games when they got two-hit pitching from Dick Hall, Nelson King and Elroy Face to beat the St. Louis Cardinals, 4-0.

The New York Giants, who are developing into a real spring surprise, downed the Baltimore Orioles, 7-6, and now have won 11 of 16 Grapefruit League games.

Don Mueller pulled this one out of the fire with a grand-slam homer with two out in the ninth.

THE BALTIMORE Orioles handed the puzzling Cleveland Indians their seventh setback in eight games when they rallied for three runs in the ninth and a 7-6 decision.

The Brooklyn Dodgers poured over seven runs in the third inning and went on to route the Philadelphia Phillies, 8-3. Doubles by Don Newcombe, Gino Cimoli, Carl Furillo and Charley Neal featured the big uprising against southpaw Harvey Haddix.

Roy Sievers' ninth-inning single was the big blow of a battle of homers as the Washington Senators tripped the Kansas City Athletics, 8-7.

Jimmy Piersall homered in the 10th inning to enable the Boston Red Sox to shade the Los Angeles Angels of the Pacific Coast League, 6-5. Red Sox rookie outfielder Marty Keough hit two homers while Jim Baxes homered twice and Steve Bilko blasted a round-tripper for Los Angeles.

Logart, Boardman Step in No. 3 Spot in Ring Ratings

NEW YORK 10 — Welterweight Isaac Logart and lightweight Larry Boardman, two eager-beaver contenders, were advanced today to the number three berths of their respective divisions in The Ring magazine's latest ratings.

Logart of Cuba replaced ex-champion Johnny Saxton in third place among the welters because of Saxton's second-round kayo by champion Carmen Basilio, and because of Logart's consistently good showings against strong opposition.

Boardman of Marlboro, Conn., replaced Johnny Gonsalves of Oakland, Calif., at third notch among the 135-pounders because of Gonsalves' recent defeat by Italian Paolo Rosi of New York. Rosi, incidentally, crashed into the rankings at number eight, two notches above the skidding Gonsalves.

Blue Sox, Faculty In Volleyball Tie

Blue Sox defeated the White Sox, 21-5 and 21-17 last night in the city Volleyball League to hold their tie with the Faculty team which defeated the Telephone Company, 21-15 and 21-14. Laurey's Steak Ranch won by default from Palm Desert.

Standing of the team to date: Blue Sox, 5-1; Faculty, 5-1; Layrve's 4-2 White Sox, 4-2; Telephone Co., 0-6; Palm Desert, 0-6.

Future Book Odds On Federal Hill Drop

AGUA CALIENTE, Mex., 10 — Kentucky Derby future book odds on Federal Hill, which set a new world record for 6 1-2 furlongs at Gulfstream Saturday, have been dropped from 6-1 to 4-1. Gen. Duke remains the favorite at 2-1 with Bold Ruler second pick at 3-1.

Seek Anahuac Bout

HOLLYWOOD 10 — Legion Stadium matchmaker Jackie Leonard said today he hoped to match Mexico City's Kid Anahuac against the winner of the Hogan Kid Bassey-Miguel Berrios fight. The Bassey-Berrios battle will be held next month and Leonard said he would like to put the winner in the ring against Anahuac sometime in May.

Heavyweight Champ Seeks Bout for June

D'Amato Invites Open Bidding for Site and Opponent

NEW YORK 10 — Gus D'Amato, manager of heavy weight champion Floyd Patterson, invited "open bidding" among promoters today for a June title fight.

He extended the invitation, he claimed, because he is "very cool" toward the International Boxing Club, "Which broke its word with me about using my preliminary boxers."

D'Amato said he was not excluding Promoter Jim Norris and his IBC from the bidding. "But with us, they have a big re-selling job to do."

D'Amato said he preferred a big outdoor fight in a major city, "without television of any kind," and with Tommy Hurricane Jackson as challenger.

He claimed that his "dispute" with the IBC had no connection whatever with the recent federal court verdict finding the Norris organization guilty of monopoly in its promotion of world title fights.

"Patterson and I are completely independent," he claimed. "We have no contracts or understandings with Norris or any other promoter. We're out to make the most money we can with any reliable promoter - anywhere," he said.

Annual Fun in Sun Tourney This Weekend

144 of Southland's Leading Women Golfers to Compete

Southern California Women's Invitational Golf tournament, the second annual Fun in the Sun event, will get under way at Tamarisk Country Club with practice rounds next Sunday and Monday.

Tournament play is scheduled for Tuesday and Wednesday.

To date 144 entries have been received with some of the leading women amateurs of the Southland to compete on the local course.

AMONG THE TOP women amateurs of the southland who will compete in the event are Mrs. Ruth McCullough of Riviera Country Club, Mrs. George Kanrich of Tamarisk, Mrs. Stanley Kertes of Riviera, Mrs. Irving Knight of Inglewood, Mrs. Herbert Staats of Los Angeles Country Club, Miss Averil Cave of Riviera, Mrs. Robert Heffernan of Tamarisk, Mrs. Magda Rurac of Indian Wells, Mrs. James Montgomery of Oakmont, Mrs. Joseph Graves of Wilshire Country Club and Virginia Rosa of San Fernando Country Club.

IN THE RECENT Tamarisk Country Club Mixed Foursome event, Mrs. Heffernan, paired with Jack Tooke, won top honors with a best ball 66-66-132.

Preparations are being completed to host a large throng during the Fun in the Sun tournament next week.

Sign of Summer—Softball Plans to Be Topic Tonight

Howard Haddock, City Recreation Department superintendent said today that the first softball meeting of the 1957 season will be held tonight at the clubhouse on the Polo Grounds at 7:30.

Anyone interested in entering a team in this summer's softball play and all managers of teams are urged to attend.

Plans for the season will be discussed at tonight's meeting. The campaign is expected to start in June.

Pony Leaguers in Meeting Today

First meeting of the Pony League was held this noon at Banning with Howard Haddock, City Recreation Department, presiding.

Howard is the first president of the newly organized loop which has been named Desert County Pony League. The league, which at present numbers teams from Palm Springs, Indio, Beaumont and Banning, has the sanction of the National Pony League association.

Palm Springs Elks Lodge, 1905 and the City Recreation Department, will again sponsor the league. Herb Rauch and John Marinko will be in charge of the team for the third straight year under Elks sponsorship.

DODGE PowerGiants

Most Power of the Low-Priced 31

Everybody agrees . . . the main reason for buying a truck is to haul a payload. That being the case, doesn't it make sense to get the truck that's powered and built to carry the most in its weight class? Of course it does! That's why so many truck owners are switching to Dodge.

Dodge gives you the most powerful V-8's of the low-priced three, ranging from 204-hp. pick-ups to 232-hp. tandems. And Dodge trucks are built especially tough to handle bigger loads. For instance, Dodge pick-ups can haul up to one-third more than other competitive makes.

Dodge makes hauling these bigger loads easier, too. Shorter turning radius lets you needle in and out of tough traffic spots in a jiffy. Power steering is available on most models, and the extra convenience of a push-button transmission* can be yours only with Dodge.

Think it over. After all, it's just plain good business to get the most for your money . . . and your dealer can prove the most truck for your money is Dodge.

*Available in all low-tonnage and Forward-Control models.

DODGE	TRUCK 'C'	TRUCK 'F'
Actual Payload Capacity 1825 lbs.	Actual Payload Capacity 1400 lbs.	Actual Payload Capacity 1500 lbs.
Facts prove the Dodge D100 pick-up beats both competitive low-priced models in payload. Model compared is a Dodge 6, 100 pick-up, 7½-foot body. In larger pick-ups the Dodge lead is even greater.

New Country Club Way of Life Offered By Royal Air; Opening for Community Chest

Despite its vaunted reputation for luxurious living, Palm Springs has never enjoyed a country club way of life within its downtown confines.

Three Seattle business people have been instrumental in creating such an oasis. Almost before Palm Springs have realized it, a vast seven-acre, 71-unit development, called Royal Air Country Club Apartments, is rising right in the very center of the desert resort city. As its name suggests, it will provide a luxurious country club atmosphere that will be key-noted to leisurely and comfortable living.

THE DEVELOPERS. Meade Hargiss, Harold Heathman and Esther Peister, yesterday announced that the first completed country club apartment is being premiered for the benefit of the Palm Springs Community Chest Saturday, March 30 from 1 to 5 p.m.

Fifty cents donations for this and continuous showings for one month thereafter (Sunday hours will be 10 a.m. to 5 p.m.) will go to the Community Chest drive. Chairman of the drive, Dewey Metzger, named Mrs. Jack Freeman chairman of volunteer workers for this home show campaign.

The model apartment, furnished by Robert Blanks, A.I.D. of Arthur Elrod, Ltd., and landscaped by Antone Dalu, is ideally located

for quick accessibility to every attraction of Palm Springs. Three blocks and three walking minutes west of the Library on Tahquitz Drive, the Royal Air site is rich in Palm Springs lore.

BACK IN 1883 it was reportedly a tribal site of the Cahuilla Indians. About this time the government established reservations for these Indians and opened land parcels to white settlers. Included among the land grants was the seven-acre Royal Air property, which was successively a part of the original fig orchard of John Guthrie McCallum and the Desert Inn Mashie Golf Course.

Appropriately enough, Royal Air developers are bringing back an aura of the Old Palm Springs when truly gracious living was the predominant characteristic of the Palm Springs social climate. A new and exciting innovation for resident-owner desert living will be a prime factor in bringing this about.

This new concept is the establishment of the Royal Air Club, around which will revolve the everyday life of its member owners.

BASIC PURPOSE of the club is to provide members with a feeling of participation in the entire project through their having a voice in the administration of Royal Air's affairs. Among member privileges will be the opportunity to help set the pattern for the great wealth of things to do at Royal Air.

This promotion of a congenial social and recreational atmosphere will include swimming pool life, myriad activities in a sunken lounge and recreation building and such sports and game facilities as putting greens, croquet, shuffleboard, and badminton.

THE ROYAL AIR Club will also have the pleasant assignment of collaborating with management on beautification plans for the de-

velopment's unique and colorful Midway Parkway. This hub of Royal Air's aesthetic side will be flanked by and readily visible from each of the 71 units.

In having a hand in the Midway Parkway's development, members will be contributing greatly to the extra resort elegance that is expected to make Royal Air a king of charm and grace. And as such the supreme showplace of Palm Springs.

MEMBERS WILL BE able to enjoy to the fullest this brilliant array of desert diversions. Helping them to do so is the Country Club Apartments' "We-do-it-for-you" plan which gives them complete freedom from lawn cares, maintenance problems and upkeep chores.

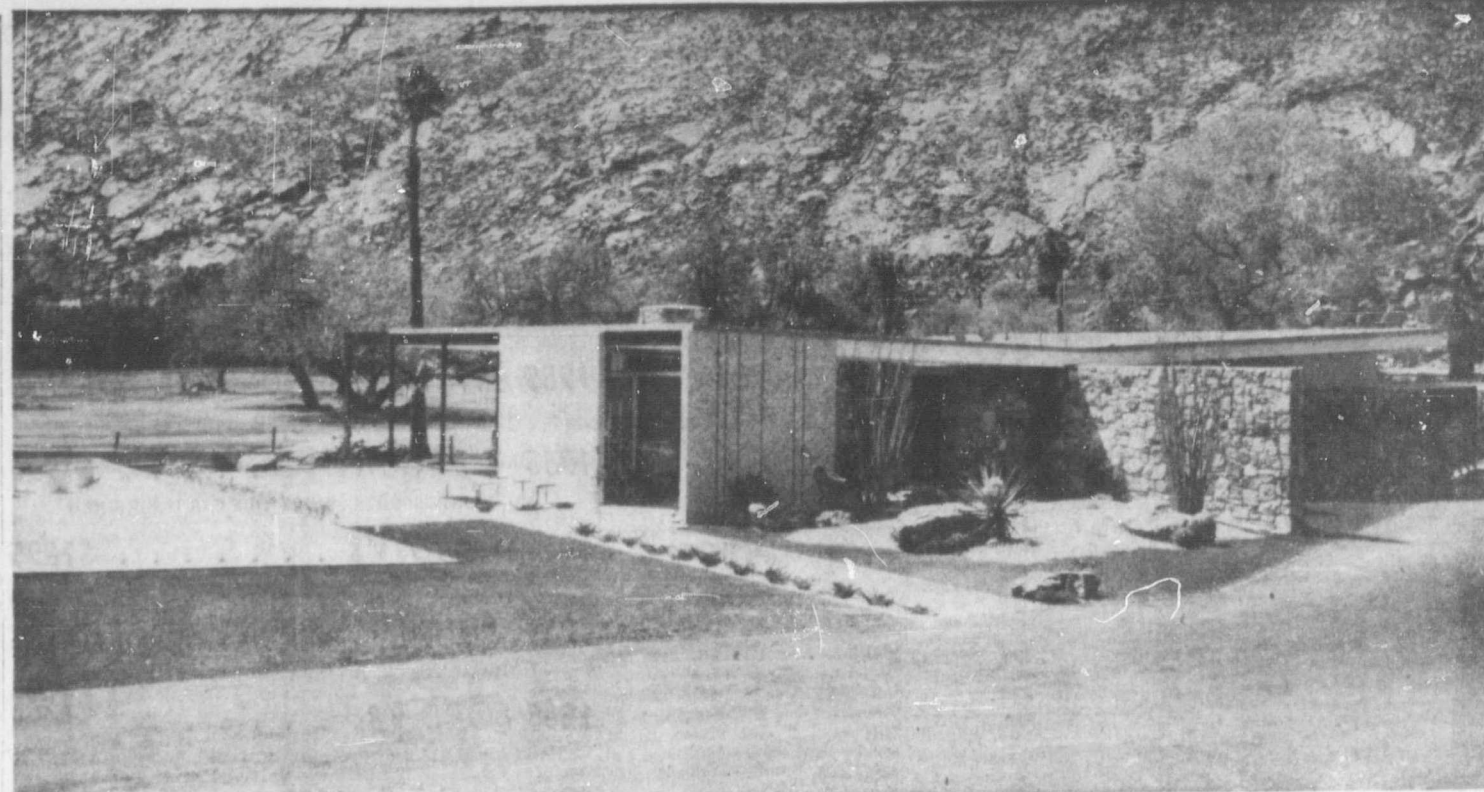

In other words, they'll get what they've come to the desert for—namely, serene luxury in trade for oppressive hurry and scurry. Their home and possessions will not only be safe when they are partaking of Midway Parkway fun and relaxation or doing some Village shopping, but will be ready for their return by the Royal Air staff.

The rustic stone walls that once enclosed the Desert Inn Mashie Golf Course are serving as sentinels for this new development. Within these walls will rise 71 home-size apartments, ranging in floor area from 1,250 to 1,460 square feet. Building and grounds will be reflective of the serene beauty and magic spell of the desert. Designed by Palm Springs Architects Wexler and Harrison, the apartments are adroitly blended to provide an ideal setting for both casual living and gracious entertaining.

EACH APARTMENT will have huge windows, set in aluminum for durability, which will enhance the effect of space and al-oneness with the desert. Desert and mountain vistas will be breath-taking and unlimited.

In addition to the immense recreation area, outdoor living facilities will include individual patios and balconies for sun basking.

Featured will be colorful all-electric kitchens, including built-in range, wall oven, massive 12 cubic foot refrigerator - freezer, dishwasher and disposal. Ceramic tiled counters, an entertainment bar and a glassed in dining area will also be attractive features.

A COUNTRY CLUB oasis in the desert, and right in the center of town, is offered by Royal Air in a 7-acre, 71-unit development. A model apartment will be premiered the Community Chest. (Desert Sun Photo).

Passing Truck Kills School Boy

HOUSTON, TEXAS (AP) — Allen Little, 12, was killed instantly when hit by a passing truck as he stuck his head out of a school bus window.

239 Earthquakes Recorded in 1956

NEUCHÂTEL, Switzerland (AP) — The seismograph at the Neuchâtel Observatory registered 239 earthquakes in 1956, the observatory said in its annual report.

The strongest earthquake registered, it reported, was the one which killed 42 persons on the Greek island of Santorin, July 9.

Tips are estimated to amount to \$750 million a year in the United States.

Supervisors Set New Race Track Hearing for April 29

The Riverside County Board of Supervisors on advice of County Counsel Ray T. Sullivan, Jr. set April 29 at 2 p.m. as time for a new public hearing on an application made Jan. 14, 1955 by the Desert Turf Club for a permit to operate a quarter horse race track in the Rancho Mirage area.

Sullivan told the supervisors this week that the District Court of Appeal has determined that the Superior Court must be restrained from any further proceedings which would interfere with the right of the board of supervisors to carry on and complete a public hearing in accordance with their avowed intention.

"This judgment is final," said Sullivan, "and the supervisors may now carry on and complete a hearing and reach a decision upon the merits of the proper evidence there presented."

The permit March 28, 1955. The Superior Court later ordered the board set a date for a re-hearing and authorized Sullivan to test the validity of the Superior Court decision. The re-hearing, set by the supervisors for Oct. 15, 1956, was delayed pending a final court decision.
